

Australian Standard®

---

**Bituminous emulsions for the  
construction and maintenance  
of pavements**

---

This Australian Standard was prepared by Committee CH/25, Bitumen and Related Products (for Roadmaking). It was approved on behalf of the Council of Standards Australia on 16 February 1996 and published on 5 May 1996.

---

The following interests are represented on Committee CH/25:

Australian Asphalt Pavement Association  
Australian Chamber of Commerce and Industry  
Australian Road Research Board  
AUSTROADS  
Bureau of Steel Manufacturers of Australia  
New Zealand Bitumen Contractors' Association  
The Works Consultancy Services, New Zealand  
Transit New Zealand

---

**Review of Australian Standards.** To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.

---

*This Standard was issued in draft form for comment as DR 94291.*
