

Australian/New Zealand Standard™

**Timber structures—Dowel-type
fasteners**

**Part 2: Determination of embedding
strength**

AS/NZS ISO 10984.2:2015

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee TM-010, Timber Structures and Framing. It was approved on behalf of the Council of Standards Australia on 24 July 2015 and on behalf of the Council of Standards New Zealand on 21 July 2015.

This Standard was published on 20 August 2015.

The following are represented on Committee TM-010:

Australian Building Codes Board
Australian Forest Products Association
Australian Institute of Building
Building Research Association of New Zealand
Engineered Wood Products Association of Australasia
Engineers Australia
Forest and Wood Products Australia
Frame and Truss Manufacturers Association Australia
Glued Laminated Timber Association of Australia
Housing Industry Association
Housing SA
James Cook University
Master Builders Australia
New Zealand Timber Industry Federation
Timber Development Association, NSW
Timber Queensland
University of Technology, Sydney
Wood Processors and Manufacturers Association of New Zealand

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about joint Australian/New Zealand Standards can be found by visiting the Standards Web Shop at www.saiglobal.com.au or Standards New Zealand web site at www.standards.co.nz and looking up the relevant Standard in the on-line catalogue.

For more frequent listings or notification of revisions, amendments and withdrawals, Standards Australia and Standards New Zealand offer a number of update options. For information about these services, users should contact their respective national Standards organization.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Please address your comments to the Chief Executive of either Standards Australia or Standards New Zealand at the address shown on the back cover.

This Standard was issued in draft form for comment as DR AS/NZS ISO 10984.2:2015.
