

Australian Standard[®]

Radar speed detection

Part 1: Functional requirements and definitions

This Australian Standard® was prepared by Committee CS-068, Radar Speed Detection. It was approved on behalf of the Council of Standards Australia on 11 July 2003. This Standard was published on 11 August 2003.

The following are represented on Committee CS-068:

- Australian Automobile Association
 - Australian Chamber of Commerce and Industry
 - Institution of Engineers, Australia
 - National Standards Commission
 - New South Wales Police Service
 - Queensland Police Service
 - South Australia Police
 - Tasmania Police
 - Victoria Police
 - Western Australia Police
-

This Standard was issued in draft form for comment as DR 02497.

Standards Australia wishes to acknowledge the participation of the expert individuals that contributed to the development of this Standard through their representation on the Committee and through public comment period.

Keeping Standards up-to-date

Australian Standards® are living documents that reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued.

Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments that may have been published since the Standard was published.

Detailed information about Australian Standards, drafts, amendments and new projects can be found by visiting **www.standards.org.au**

Standards Australia welcomes suggestions for improvements, and encourages readers to notify us immediately of any apparent inaccuracies or ambiguities. Contact us via email at **mail@standards.org.au**, or write to Standards Australia, GPO Box 476, Sydney, NSW 2001.
