

Australian/New Zealand Standard™

---

**Cables for traffic signal installations**

**Part 2: Feeder cable for vehicle  
detectors**

---

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee EL/3, Electric Wires and Cables. It was approved on behalf of the Council of Standards Australia on 11 February 1998 and on behalf of the Council of Standards New Zealand on 12 February 1998. It was published on 5 May 1998.

---

The following interests are represented on Committee EL/3:

Australian Electrical and Electronic Manufacturers Association  
Department of Defence, Australia  
Electrical regulatory authorities  
Electricity Supply Association of Australia  
Institution of Engineers, Australia  
Ministry of Commerce, New Zealand  
New Zealand Electrical Contractors Association  
New Zealand Electrical and Electronic Manufacturers Federation  
Office of Energy, N.S.W.  
Railways of Australia Committee  
State roads and traffic authorities  
Testing interests

---

**Review of Standards.** To keep abreast of progress in industry, Joint Australian/New Zealand Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Joint Standards and related publications will be found in the Standards Australia and Standards New Zealand Catalogue of Publications; this information is supplemented each month by the magazines 'The Australian Standard' and 'Standards New Zealand', which subscribing members receive, and which give details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Joint Standards, addressed to the head office of either Standards Australia or Standards New Zealand, are welcomed. Notification of any inaccuracy or ambiguity found in a Joint Australian/New Zealand Standard should be made without delay in order that the matter may be investigated and appropriate action taken.
