

PROCEEDINGS  
OF THE

# Sixteenth Coastal Engineering Conference

August 27 to September 3, 1978  
Hamburg, Germany

Volume I

Sponsored by  
ASCE Coastal Engineering Research Council  
ASCE Waterway, Port, Coastal and Ocean Division  
Ministry for Research and Technology  
of the Federal Republic of Germany  
Free and Hanseatic City of Hamburg,  
Association for Port and Coastal Engineering  
and  
International Association of the  
Physical Sciences of the Oceans

Published by the American Society of Civil Engineers  
345 East 47th Street, New York, N.Y. 10017  
Net Price: \$50.00

## ACKNOWLEDGMENTS

The following engineers served as the Organizing Committee for the Sixteenth International Conference on Coastal Engineering:

KARL-EDUARD NAUMANN, Chairman  
Association for Port and Coastal Engineering (Hamburg)

HANS-WERNER PARTENSCKY, Co-Chairman  
Technical University of Hannover

WINFRIED SIEFERT, Secretary  
Port and River Authority, Cuxhaven

ALFRED FÜHRBÖTER  
Technical University of Braunschweig

HARALD GÖHREN  
Port and River Authority, Hamburg

JOHANN KRAMER  
Board of Maritime Works, Aurich

HANS ROHDE  
Federal Institute for Waterways Engineering, Hamburg

JOSEF SINDERN  
Waterways and Navigation Board North, Kiel

HANS VOLLMERS  
University of Federal German Armed Forces, München

The use of photographs by U. Muuss, N. Rüpke, and H. Engler for use on the Parts title pages is gratefully acknowledged.

## CONTENTS

|                       |     |
|-----------------------|-----|
| ACKNOWLEDGMENTS ..... | iii |
|-----------------------|-----|

### WELCOMING ADDRESSES

|                                      |    |
|--------------------------------------|----|
| Dr. -Ing. Karl-Eduard Naumann .....  | 1  |
| Burgomaster Mrs. Helga Elstner ..... | 4  |
| Minister Dr. Volker Hauff .....      | 7  |
| Dr. Hans-Werner Partenscky .....     | 10 |

### INVITED LECTURES

|                                                                                                                         |    |
|-------------------------------------------------------------------------------------------------------------------------|----|
| STRUGGLE OF PHYSICS AND MATHEMATICS IN COASTAL ENGINEERING<br>H. Lundgren .....                                         | 13 |
| THEME SPEECH: MODELS, CAN WE LEARN FROM THE PAST AND SOME<br>THOUGHTS ON THE DESIGN OF BREAKWATERS<br>W. A. Price ..... | 25 |

### PART I THEORETICAL AND OBSERVED WAVE CHARACTERISTICS

|                                                                                                                                                                                          |     |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Chapter 1<br>A WORLD WAVE DATA CENTRE<br>Laurence Draper .....                                                                                                                           | 51  |
| Chapter 2<br>ON LONG-TERM STATISTICS FOR OCEAN AND COASTAL WAVES<br>Michel K. Ochi .....                                                                                                 | 59  |
| Chapter 3<br>WIND WAVE FREQUENCIES IN A TROPICAL CYCLONE REGION<br>Rodney J. Sobey .....                                                                                                 | 76  |
| Chapter 4<br>COMPARISON OF SHIPBORNE WAVE RECORDER AND WAVERIDER BUOY DATA<br>USED TO GENERATE DESIGN AND OPERATIONAL PLANNING CRITERIA<br>C. G. Graham, G. Verboom and C. J. Shaw ..... | 97  |
| Chapter 5<br>WAVE CLIMATE IN SOME ZONES OFF THE BRAZILIAN COAST<br>Alberto Homsí .....                                                                                                   | 114 |

|                                                                                               |     |
|-----------------------------------------------------------------------------------------------|-----|
| Chapter 6                                                                                     |     |
| WAVE CLIMATE STUDY IN THE REGION OF THE EAST FRISIAN ISLANDS<br>AND COAST                     |     |
| Hanz Dieter Niemeyer .....                                                                    | 134 |
| Chapter 7                                                                                     |     |
| AN EVALUATION OF EXTREME WAVE CLIMATE AT KEAHOLE POINT, HAWAII                                |     |
| Charles L. Bretschneider and Richard E. Rocheleau .....                                       | 152 |
| Chapter 8                                                                                     |     |
| THE USE OF IMAGING RADAR IN STUDYING OCEAN WAVES                                              |     |
| M. G. Mattie and D. Lee Harris .....                                                          | 174 |
| Chapter 9                                                                                     |     |
| H F SKY WAVE RADAR MEASUREMENT OF HURRICANE WINDS AND WAVES                                   |     |
| Joseph W. Maresca, Jr., and Christopher T. Carlson .....                                      | 190 |
| Chapter 10                                                                                    |     |
| RADAR OBSERVATION OF HURRICANE WAVE DIRECTIONS                                                |     |
| D. B. King and O. H. Shemdin .....                                                            | 209 |
| Chapter 11                                                                                    |     |
| THE OBSERVED JOINT DISTRIBUTION OF PERIODS AND HEIGHTS OF<br>SEA WAVES                        |     |
| Yoshimi Goda .....                                                                            | 227 |
| Chapter 12                                                                                    |     |
| ANOMALOUS DISPERSION OF FOURIER COMPONENTS OF SURFACE<br>GRAVITY WAVES IN THE NEAR SHORE AREA |     |
| Fritz Büsching .....                                                                          | 247 |
| Chapter 13                                                                                    |     |
| INFRAGRAVITY WAVES IN STORM CONDITIONS                                                        |     |
| R. A. Holman, D. A. Huntley and A. J. Bowen .....                                             | 268 |
| Chapter 14                                                                                    |     |
| EXTREMAL PREDICTION OF SIGNIFICANT WAVE HEIGHT                                                |     |
| Enrique Copeiro .....                                                                         | 285 |
| Chapter 15                                                                                    |     |
| DEEPWATER DIRECTION FROM AN INTENSITY ARRAY                                                   |     |
| Alan L. Higgins and Richard J. Seymour .....                                                  | 305 |
| Chapter 16                                                                                    |     |
