

Determination of the freeze-thaw resistance of autoclaved aerated concrete

ICS 91.100.30

National foreword

This British Standard is the UK implementation of EN 15304:2010. It supersedes BS EN 15304:2007 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/523, Prefabricated components of reinforced autoclaved aerated concrete and lightweight aggregate concrete with open structure.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.
