Products and systems for the protection and repair of concrete structures — Test methods — Reference concretes for testing

National foreword

This British Standard is the UK implementation of EN 1766:2017. It supersedes BS EN 1766:2000 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/517/8, Protection and repair of concrete structures.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
