Buildings and civil engineering works — Sealants — Test method for the determination of stringiness

National foreword

This British Standard is the UK implementation of ISO 11527:2018. It supersedes BS ISO 11527:2010, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/547, Sealants for building and construction.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
