

BSI Standards Publication

**Buildings and civil engineering  
works — Sealants —  
Determination of crazing and  
cracking following exposure to  
artificial or natural weathering**

**National foreword**

This British Standard is the UK implementation of ISO 11528:2016.

The UK participation in its preparation was entrusted to Technical Committee B/547, Sealants for building and construction.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
