

BSI Standards Publication

Building and civil engineering sealants — Determination of cured thickness of one-component sealant

Part 1: Taper-shaped groove test method

National foreword

This British Standard is the UK implementation of ISO 24070-1:2021.

The UK participation in its preparation was entrusted to Technical Committee B/547, Sealants for building and construction.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations
