The European Standard EN ISO 12567-2:2005 has the status of a  
British Standard

ICS 91.120.10; 91.060.50

# National foreword

This British Standard is the official English language version of EN ISO 12567-2:2005. It is identical with ISO 12567-2:2005.

The UK participation in its preparation was entrusted to Technical Committee B/540, Energy performance of materials components and buildings, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
