Non-destructive testing — Acoustic emission testing — Test method for classification of active cracks in concrete structures

National foreword

This British Standard is the UK implementation of [ISO 16838:2019](#).

The UK participation in its preparation was entrusted to Technical Committee WEE/46, Non-destructive testing.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
