

Timber fasteners — Characteristic load-carrying capacities and slip-moduli for connector joints

The European Standard EN 13271:2001 has the status of a
British Standard

ICS 91.080.20; 21.060

National foreword

This British Standard is the official English language version of EN 13271:2001, including corrigendum September 2003.

The UK participation in its preparation was entrusted to Technical Committee B/518, Structural timber, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

14849 Corrigendum No. 1	19 December 2003	Corrections to 4, 5.4, 6.2 and 6.4

ISBN 0 580 38919 7

English version

Timber fasteners – Characteristic load-carrying capacities and slip-moduli for connector joints

Eléments de fixation du bois – Valeurs caractéristiques de capacité résistance et du module de glissement des assembleurs mécaniques du bois

Holzverbindungsmittel – Charakteristische Tragfähigkeiten und Verschiebungsmoduln für Verbindungen mit Dübeln besonderer Bauart

This European Standard was approved by CEN on 4 October 2001.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
