Tests for thermal and weathering properties of aggregates

Part 5: Determination of resistance to thermal shock

National foreword

This British Standard is the UK implementation of EN 1367-5:2011. It supersedes BS EN 1367-5:2002 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/502/6, Test methods.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
