Gully tops and manhole tops for vehicular and pedestrian areas

Part 2: Gully tops and manhole tops made of cast iron

...making excellence a habit.™

BS EN 124-2:2015 BRITISH STANDARD

National foreword

This British Standard is the UK implementation of EN 124-2:2015. Together with BS EN 124-1:2015, BS EN 124-3:2015, BS EN 124-4:2015, BS EN 124-5:2015 and BS EN 124-6:2015, it supersedes BS EN 124:1994 which is withdrawn.

BSI, as a member of CEN, is obliged to publish EN 124-2 as a British Standard. However, attention is drawn to the fact that during the development of this European Standard, the UK committee voted against its approval as a European Standard.

In the opinion of the UK committee, the lack of testing requirements for the assessment of deflection under load for ductile iron materials could result in an inconsistent application of performance requirements across various elastic materials. In addition, the reasoning behind the response relates to the application of the Construction Products Regulations in respect to subclause 7.3.2.6, as a result of the AVCP Level 1 requirement.

The UK participation in its preparation was entrusted by Technical Committee B/505, Wastewater engineering, to Subcommittee B/505/4, "Manhole Covers, Surface Boxes And Other Road Fittings".

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Gully tops and manhole tops for vehicular and pedestrian areas -Part 2: Gully tops and manhole tops made of cast iron

Dispositifs de couronnement et de fermeture pour les zones de circulation utilisées par les piétons et les véhicules -Partie 2: Dispositifs de couronnement et de fermeture en fonte Aufsätze und Abdeckungen für Verkehrsflächen - Teil 2: Aufsätze und Abdeckungen aus Gusseisen

This European Standard was approved by CEN on 12 March 2015.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.
