

Testing of resin compositions for use in construction —

Part 7: Method for measurement of tensile strength

UDC [691.342 + 691.537]:620.172

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Civil Engineering and Building Structures Standards Committee (CSB/-) to Technical Committee CSB/20 upon which the following bodies were represented:

British Adhesives and Sealants Association
British Plastics Federation
Concrete Society
Construction Industry Research and Information Association
County Surveyor's Society
Department of the Environment (Building Research Establishment)
Department of the Environment (Property Services Agency)
Department of the Environment (Transport and Road Research Laboratory)
Federation Epoxy Resin Formulators and Applicators Ltd.
Institution of Civil Engineers
Institution of Highways and Transportation
Institution of Structural Engineers
Plastics and Rubber Institute
Society of Chemical Industry
Coopted member

This British Standard, having been prepared under the direction of the Civil Engineering and Building Structures Standards Committee, was published under the authority of the Executive Board and comes into effect on 28 February 1985
