National foreword

This British Standard is the UK implementation of EN 12802:2011. It supersedes BS EN 12802:2000 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/509/2, Horizontal road markings and road studs.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

English Version

Road marking materials - Laboratory methods for identification

Produits de marquage routier - Méthodes de laboratoire
pour identification

Straßenmarkierungsmaterialien - Laborverfahren für die
Identifikation

This European Standard was approved by CEN on 22 April 2011.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.

Contents

Foreword.....	3
1 Scope	4
2 Normative references	4
3 Terms and definitions	4
4 Sampling	5
5 Test methods.....	5
6 Test Report	9
Annex A (normative) Paint – Test method for the determination of the solids content.....	10
Annex B (normative) Paint, thermoplastics and cold plastics – Test method for the determination and identification of organic constituents.....	12
Annex C (normative) Paint, thermoplastic and cold plastic – Test method for the determination and identification of inorganic constituents	16
Annex D (normative) Paint, thermoplastics and cold plastics – Test method for the determination of the titanium (IV) dioxide content in the inorganic compound.....	18
Annex E (normative) Paint, thermoplastics and cold plastics – Test method for the determination of the glass bead content	21
Annex F (normative) Paint and cold plastics – Test method for the determination and identification of solvents	23
Annex G (normative) Paint – Test method for the determination of viscosity (Krebs-Stormer method)	26
Annex H (normative) Paint, thermoplastics and cold plastics – Test method for the determination of the ash content	31
Bibliography	33
