Drain and sewer systems outside buildings — Management and control of activities

Part 1: General requirements

National foreword

This British Standard is the UK implementation of EN 14654-1:2021. Together with BS EN 14654-3:2021, it supersedes BS EN 14654-1:2014, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/505/21, Drainage systems inside buildings.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
