Timber structures — Bending applications of I-beams

Part 2: Component performance and manufacturing requirements

National foreword

This British Standard is the UK implementation of ISO 22389-2:2020.

The UK participation in its preparation was entrusted to Technical Committee B/518, Structural timber.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
