Unbound and hydraulically bound mixtures

Part 43: Test method for the determination of the modulus
of elasticity of hydraulically bound mixtures

National foreword

This British Standard is the UK implementation of EN 13286-43:2003.

The UK participation in its preparation was entrusted to Technical Committee B/510, Road materials, to Subcommittee B/150/4, Cementitious bound materials, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

English version

Unbound and hydraulically bound mixtures - Part 43: Test method for the determination of the modulus of elasticity of hydraulically bound mixtures

Mélanges traités et mélanges non traités aux liants hydrauliques - Partie 43: Méthode d'essai pour la détermination du module d'élasticité des graves traités aux liants hydrauliques

Ungebundene und hydraulisch gebundene Gemische - Teil 43: Prüfverfahren zur Bestimmung des Elastizitätsmoduls hydraulisch gebundener Gemische

This European Standard was approved by CEN on 29 November 2002.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Slovak Republic, Spain, Sweden, Switzerland and United Kingdom.
