Buildings and civil engineering works — Determination of the staining of porous substrates by sealants used in joints

Part 1: Test with compression

National foreword

This British Standard is the UK implementation of [ISO 16938-1:2019](#). It supersedes [BS ISO 16938-1:2008](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/547, Sealants for building and construction.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
