

# Conditions for pressure classification of products for water and wastewater pipelines

The European Standard EN 14801:2006 has the status of a  
British Standard

ICS 93.025; 93.030

# National foreword

This British Standard was published by BSI. It is the UK implementation of EN 14801:2006.

The UK participation in its preparation was entrusted to Technical Committee B/505, Wastewater engineering, in liaison with Technical Committee B/504, Water supply.

A list of organizations represented on this committee can be obtained on request to its secretary.

## Additional information

With some reluctance, the United Kingdom supported the proposal to publish EN 14801:2006 at CEN Formal Vote Stage. National annex NA describes the reasons for this concern and gives important information for the implementation of EN 14801:2006 in the United Kingdom.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard cannot confer immunity from legal obligations.**

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 April 2007
