

BSI Standards Publication

**Buildings and civil engineering  
works — Sealants —  
Determination of changes  
in cohesion and appearance  
of elastic weatherproofing  
sealants after exposure of  
statically cured specimens  
to artificial weathering and  
mechanical cycling**

**National foreword**

This British Standard is the UK implementation of ISO 11617:2014.

The UK participation in its preparation was entrusted to Technical Committee B/547, Sealants for building and construction.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
