

Metal lath and beads — Definitions, requirements and test methods —

Part 1: Internal plastering

The European Standard EN 13658-1:2005 has the status of a
British Standard

ICS 77.140.65; 91.100.10

National foreword

This British Standard is the official English language version of EN 13658-1:2005. Together with BS EN 13658-2, it supersedes BS 1369-1:1987 and BS 6452-1:1989, which are withdrawn.

The UK participation in its preparation was entrusted by Technical Committee B/544, Plastering, Rendering, Dry Lining, to Subcommittee B/544/1, Gypsum Plasters, Cast Gypsum And Ancillaries, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 36, an inside back cover and a back cover.

The BSI copyright notice displayed in this document indicates when the document was last issued.

Amendments issued since publication

Amd. No.	Date	Comments
16419 Corrigendum No. 1	31 July 2006	Supersession details added.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 27 June 2005

English version

Metal lath and beads - Definitions, requirements and test methods - Part 1: Internal plastering

Lattis et cornières métalliques - Définitions, prescriptions et méthodes d'essai - Partie 1 : Enduits intérieurs

Putzträger und Putzprofile aus Metall - Begriffe, Anforderungen und Prüfverfahren - Teil 1: Innenputze

This European Standard was approved by CEN on 24 March 2005.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
