British Standard

Vehicle parking control equipment

Part 4. Specification for barrier type parking
control equipment

Appareils de contrôle du stationnement des véhicules
Partie 4. Appareils de contrôle du stationnement de type barrière —
Spécifications

Parkzeitkontrollenrichtungen
Teil 4. Parkzeitkontrollenrichtungen mit Schrankenanlage

Foreword

This Part of BS 6571 has been prepared under the direction of the Road Engineering Standards Policy Committee and is a revision of BS 4469 : 1973 which is withdrawn.

Other Parts of this standard are as follows:

- Part 1 Specification for coin operated clockwork parking meters
- Part 2 Specification for electrically powered parking meters
- Part 3 Specification for pay and display equipment
- Part 5 Guide to the requirements for non-coin operated apparatus for use with parking control equipment

Further Parts are under consideration.

Whilst it is not within the scope of this standard attention is drawn to the guidance of the Design Council on the aesthetic qualities of street furniture.

Compliance with a British Standard does not itself confer immunity from legal obligations.
