

Building construction — Jointing products — Determination of adhesion/cohesion properties of sealants after exposure to heat, water and artificial light through glass

The European Standard EN ISO 11431:2002 has the status of a British Standard

ICS 91.100.50

National foreword

This British Standard is the official English language version of EN ISO 11431:2002. It is identical with ISO 11431:2002. It supersedes BS ISO 11431:1993 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/547, Sealants for building and construction, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
