## Contents

Foreword	1
Introduction	3
1 Scope	4
2 Normative references	4
3 Overview of BS EN 12620:2002+A1	4
4 Requirements of BS EN 12620:2002+A1	7
5 Provisions of the EU Construction Products Directive	17
6 Additional considerations	19

### Annexes

Annex A (informative) Example specification	20
Annex B (informative) Recommended BS EN 12620:2002+A1 aggregate designations for particular aggregate sources and/or end uses in the UK	21
Annex C (informative) Recommended BS EN 12620:2002+A1 overall grading limits for coarse aggregate	22
Annex D (informative) Recommended BS EN 12620:2002+A1 overall grading limits for fine aggregates	23
Annex E (informative) Recommended BS EN 12620:2002+A1 overall grading limits for all-in aggregates	24
Annex F (informative) Examples of specifications using categories for the constituents of coarse recycled aggregates	25

Bibliography	26

### List of tables

Table 1 – UK aggregate size	8
Table 2 – Recommended sieves, including next nearest multiples and fractions from the ISO 565 R 20 series	9
Table 3 – Limits for the flakiness of coarse aggregates	10
Table 4 – Recommended BS EN 12620:2002+A1 categories for fines content	11
Table 5 – Recommended categories for acid-soluble sulfate content	14
Table 6 – Constituents of coarse recycled aggregate	15
Table 7 – Levels of attestation of conformity in accordance with the EU Construction Products Directive and referred to in BS EN 12620:2002+A1	18
Table A.1 – Recommended BS EN 12620:2002+A1 designations for concreting aggregates for general uses	20
Table B.1 – Additional recommended BS EN 12620:2002+A1 designations for particular aggregate sources and/or end uses	21
Table C.1 – Overall grading limits for coarse aggregates classified by BS EN 12620:2002+A1 categories $G_{C90/15}$ , $G_{C85/20}$ or $G_{C80/20}$	22
Table D.1 – Overall grading limits for fine aggregates classified by BS EN 12620:2002+A1 category $G_{F85}$	23
Table E.1 – Overall grading limits for all-in aggregates classified by BS EN 12620:2002+A1 category $G_{A90}$	24
Table F.1 – Categorization for recycled aggregate for use in concrete	25
Table F.2 – Categorization for recycled concrete aggregate for use in concrete	25

### Summary of pages

This document comprises a front cover, an inside front cover, pages i to ii, pages 1 to 28, an inside back cover and a back cover.
