Bituminous mixtures - Test methods

Part 23: Determination of the indirect tensile strength of bituminous specimens

National foreword

This British Standard is the UK implementation of EN 12697-23:2017. It supersedes BS EN 12697-23:2003 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/510/1, Asphalt products.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
