Precast Concrete Pavers

Concrete

(Reaffirmed 2000)

General

Instruction No. 1

A231.2-95

February 1995

CSA Standard A231.2-95, *Precast Concrete Pavers*, consists of **19 pages** (viii preliminary and 11 text), each dated **February 1995**.

This Standard, like all CSA Standards, is subject to periodic review, and amendments in the form of replacement pages may be issued from time to time; such pages will be mailed automatically to those purchasers who complete and return the attached card.* Some Standards require frequent revision between editions, whereas others require none at all. It is planned to issue new editions of the Standard, regardless of the amount of revision, at intervals not greater than 5 years. Except in unusual circumstances, replacement pages will not be issued during the last year of that edition.

**This card will appear with General Instruction No. 1 only.*

Although any replacement pages that have been issued will be sold with the Standard, it is for the purchaser to insert them where they apply. The responsibility for ensuring that his or her copy is complete rests with the holder of the Standard, who should, for the sake of reference, retain those pages which have been replaced.

Note: A General Instruction sheet will accompany replacement pages each time they are issued and will list the latest date of each page of the Standard.
