

B127.2-M1977

(Reaffirmed 1997)

***Components for Use in
Asbestos Cement Building
Sewer Systems***

Important Notice

1. If this Standard is to be used at some future date in obtaining CSA Certification, please remember, when you make application for Certification to request all current Revisions (see 2 below), Bulletins, Notices and Technical Information Letters that may be applicable, and for which there may be a slight charge. Such information is obtainable by writing to the Applications & Records Section, Canadian Standards Association. (Address as indicated below.)
2. CSA Standards are subject to periodical review and revisions will be published from time to time. If you wish to be notified of the **next** revision complete and return **this label** to:

Canadian Standards Association
178 Rexdale Boulevard
Rexdale, Ontario, Canada
