

Precast concrete — Materials and construction

Legal Notice for Standards

Canadian Standards Association (operating as “CSA Group”) develops standards through a consensus standards development process approved by the Standards Council of Canada. This process brings together volunteers representing varied viewpoints and interests to achieve consensus and develop a standard. Although CSA Group administers the process and establishes rules to promote fairness in achieving consensus, it does not independently test, evaluate, or verify the content of standards.

Disclaimer and exclusion of liability

This document is provided without any representations, warranties, or conditions of any kind, express or implied, including, without limitation, implied warranties or conditions concerning this document’s fitness for a particular purpose or use, its merchantability, or its non-infringement of any third party’s intellectual property rights. CSA Group does not warrant the accuracy, completeness, or currency of any of the information published in this document. CSA Group makes no representations or warranties regarding this document’s compliance with any applicable statute, rule, or regulation.

IN NO EVENT SHALL CSA GROUP, ITS VOLUNTEERS, MEMBERS, SUBSIDIARIES, OR AFFILIATED COMPANIES, OR THEIR EMPLOYEES, DIRECTORS, OR OFFICERS, BE LIABLE FOR ANY DIRECT, INDIRECT, OR INCIDENTAL DAMAGES, INJURY, LOSS, COSTS, OR EXPENSES, HOWSOEVER CAUSED, INCLUDING BUT NOT LIMITED TO SPECIAL OR CONSEQUENTIAL DAMAGES, LOST REVENUE, BUSINESS INTERRUPTION, LOST OR DAMAGED DATA, OR ANY OTHER COMMERCIAL OR ECONOMIC LOSS, WHETHER BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE), OR ANY OTHER THEORY OF LIABILITY, ARISING OUT OF OR RESULTING FROM ACCESS TO OR POSSESSION OR USE OF THIS DOCUMENT, EVEN IF CSA GROUP HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, INJURY, LOSS, COSTS, OR EXPENSES.

In publishing and making this document available, CSA Group is not undertaking to render professional or other services for or on behalf of any person or entity or to perform any duty owed by any person or entity to another person or entity. The information in this document is directed to those who have the appropriate degree of experience to use and apply its contents, and CSA Group accepts no responsibility whatsoever arising in any way from any and all use of or reliance on the information contained in this document.

CSA Group is a private not-for-profit company that publishes voluntary standards and related documents. CSA Group has no power, nor does it undertake, to enforce compliance with the contents of the standards or other documents it publishes.

Intellectual property rights and ownership

As between CSA Group and the users of this document (whether it be in printed or electronic form), CSA Group is the owner, or the authorized licensee, of all works contained herein that are protected by copyright, all trade-marks (except as otherwise noted to the contrary), and all inventions and trade secrets that may be contained in this document, whether or not such inventions and trade secrets are protected by patents and applications for patents. Without limitation, the unauthorized use, modification, copying, or disclosure of this document may violate laws that protect CSA Group’s and/or others’ intellectual property and may give rise to a right in CSA Group and/or others to seek legal redress for such use, modification, copying, or disclosure. To the extent permitted by licence or by law, CSA Group reserves all intellectual property rights in this document.

Patent rights

Attention is drawn to the possibility that some of the elements of this standard may be the subject of patent rights. CSA Group shall not be held responsible for identifying any or all such patent rights. Users of this standard are expressly advised that determination of the validity of any such patent rights is entirely their own responsibility.

Authorized use of this document

This document is being provided by CSA Group for informational and non-commercial use only. The user of this document is authorized to do only the following:

If this document is in electronic form:

- load this document onto a computer for the sole purpose of reviewing it;
- search and browse this document; and
- print this document if it is in PDF format.

Limited copies of this document in print or paper form may be distributed only to persons who are authorized by CSA Group to have such copies, and only if this Legal Notice appears on each such copy.

In addition, users may not and may not permit others to

- alter this document in any way or remove this Legal Notice from the attached standard;
- sell this document without authorization from CSA Group; or
- make an electronic copy of this document.

If you do not agree with any of the terms and conditions contained in this Legal Notice, you may not load or use this document or make any copies of the contents hereof, and if you do make such copies, you are required to destroy them immediately. Use of this document constitutes your acceptance of the terms and conditions of this Legal Notice.

Technical Committee on Precast Concrete 6

Preface 9

0 Introduction 10

- 0.1 Referencing this Standard in contract documents 10
- 0.2 Use of Annex [A](#) 10
- 0.3 Use of Annex [B](#) 10
- 0.4 Use of Annex [C](#) 10
- 0.5 Use of Annex [D](#) 10
- 0.6 Use of Annex [E](#) 10

1 Scope 10

- 1.1 General 10
- 1.2 Shop drawings 10
- 1.3 Architectural precast concrete 11
- 1.4 Precedence 11
- 1.5 Terminology 11

2 Reference publications 11

3 Definitions 14

4 Categories, prequalification, design basis, and project samples and reviews 18

- 4.1 Categories 18
 - 4.1.1 General 18
 - 4.1.2 Group A (architectural products) 19
 - 4.1.3 Group B (bridge products) and Group BA (bridge products with architectural finishes) 19
 - 4.1.4 Group C (commercial [structural] products) and Group CA (commercial [structural] products with architectural finishes) 20
 - 4.1.5 Group D (drainage products) 20
 - 4.1.6 Group S (standard products) 20
- 4.2 Prequalification 21
- 4.3 Design basis 21
- 4.4 Project samples and reviews 21

5 Cements, supplementary cementing materials, and colouring materials 22

- 5.1 General 22
- 5.2 Colouring materials 23

6 Water 23

7 Aggregates 23

- 7.1 General 23
- 7.2 Fine aggregate for architectural concrete 23
 - 7.2.1 General 23
 - 7.2.2 Grading 23

7.2.3	Limits for deleterious substances	23
7.2.4	Organic impurities	24
7.3	Coarse aggregate for architectural concrete	24
7.3.1	General	24
7.3.2	Grading	24
7.3.3	Limits for deleterious substances and physical properties	24
7.3.4	Staining materials	24
7.3.5	Structural low-density aggregate	24
8	Admixtures	24
8.1	General	24
8.2	Calcium chloride	25
9	Reinforcement	25
9.1	General	25
9.2	Special reinforcement and prestressing tendons	25
10	Hardware and miscellaneous materials	25
10.1	General	25
10.2	Hardware	25
10.2.1	Welding	25
10.2.2	Connections	25
10.2.3	Tendon deflectors	25
10.2.4	Non structural hardware	26
10.2.5	Tendon anchors	26
10.3	Miscellaneous materials	26
10.3.1	Special facing materials	26
10.3.2	Bearing materials	26
10.3.3	Joint materials	27
10.3.4	Weather-sealing materials	27
10.3.5	Insulation for double wythe insulated wall panels	27
10.3.6	Manufacturing accessories	27
10.3.7	Other materials	27
11	Storage of materials	27
11.1	General	27
11.2	Hardware materials	27
12	Tolerances	27
12.1	General	27
12.1.1	Basic requirements	27
12.1.2	Tolerances not specified elsewhere	28
12.2	Tolerances for architectural precast concrete elements	28
12.3	Tolerances for architectural trim elements	28
12.4	Tolerances for structural precast concrete elements	28
12.5	Tolerances for structural precast concrete elements with special surface finishes	29
12.6	Panel warping	29
12.7	Panel bowing	29
12.8	Camber	29
