National foreword

This standard has been prepared by CEN/TC 227 'Road materials' (Secretariat: Germany).
The responsible German body involved in its preparation was the *Normenausschuss Bauwesen* (Building and Civil Engineering Standards Committee), Technical Committee 10.05.02 *Materialien für Betonstraßen*.

Document comprises 21 pages.

English version

Joint fillers and sealants

Part 1: Specifications for hot applied sealants

Produits de scellement de joints –
Partie 1: Spécification pour produits
de scellement appliqués à chaud

Fugeneinlagen und Fugenmassen –
Teil 1: Anforderungen an heiß verar-
beitbare Fugenmassen

This European Standard was approved by CEN on 2004-07-09.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland, and the United Kingdom.
