

DIN EN 12843

ICS 91.100.30

Supersedes DIN 4228,
February 1989 edition.

Precast concrete products – Masts and poles

English version of DIN EN 12843

Betonfertigteile – Maste

*A comma is used as the decimal marker.***Transition period**

This standard is valid from 1 June 2005 (start of coexistence period). DIN 4228, February 1989 edition, shall remain valid until June 2006. It should be noted that, in Germany, CE conformity marking of construction products will be permitted once this standard has been listed in the German Federal Law Gazette (1 June 2005 or later)¹⁾.

National foreword

This standard has been prepared by CEN/TC 229 'Precast concrete products' (Secretariat: France). The responsible German body involved in its preparation was the *Normenausschuss Bauwesen* (Building and Civil Engineering Standards Committee), Technical Committee 07.08.00 *Betonfertigteile*.

Amendments

DIN 4228, February 1989 edition, has been superseded by the specifications of EN 12843.

Previous editions

DIN 4234: 1953-01; DIN 4228: 1964-10, 1989-02.

¹⁾ See relevant EC Official Gazette for end of coexistence period.

Document comprises 31 pages.

English version

Precast concrete products – Masts and poles

Produits préfabriqués en béton – Betonfertigteile – Maste
Mâts et poteaux

This European Standard was approved by CEN on 2004-06-24.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland, and the United Kingdom.

Contents

The numbering of clauses is strictly related to EN 13369, *Common rules for precast concrete products*, at least for the first three digits. When a clause of EN 13369 is not relevant or included in a more general reference of this standard, its number is omitted and this may result in a gap on numbering
