

DIN EN 13036-8

ICS 93.080.10; 93.120

**Road and airfield surface characteristics –
Test methods –
Part 8: Determination of transverse unevenness indices
English version of DIN EN 13036-8:2008-06**

Oberflächeneigenschaften von Straßen und Flugplätzen –
Prüfverfahren –
Teil 8: Bestimmung der Parameter zur Ermittlung der Breitenunebenheit
Englische Fassung DIN EN 13036-8:2008-06

Document comprises 22 pages

National foreword

This standard has been prepared by Technical Committee CEN/TC 227 “Road materials” (Secretariat: DIN, Germany).

The responsible German body involved in its preparation was the *Normenausschuss Bauwesen* (Building and Civil Engineering Standards Committee), Technical Committee NA 005-10-08 AA *Oberflächeneigenschaften*.

DIN EN 13036 consists of the following parts, under the general title *Road and airfield surface characteristics* — *Test methods*:

- *Part 1: Measurement of pavement surface macrotexture depth using a volumetric patch technique*
- *Part 3: Measurement of pavement surface horizontal drainability*
- *Part 4: Method for measurement of slip/skid resistance of a surface: The pendulum test*
- *Part 5: Determination of longitudinal unevenness indices*
- *Part 6: Measurement of transverse and longitudinal profiles in the evenness and megatexture wavelength ranges*
- *Part 7: Irregularity measurement of pavement courses: The straightedge test*
- *Part 8: Determination of transverse unevenness indices*

English Version

Road and airfield surface characteristics - Test methods - Part 8: Determination of transverse unevenness indices

Caractéristiques de surface des routes et aérodromes -
Méthodes d'essais - Partie 8: Détermination des indices
d'uni transversal

Oberflächeneigenschaften von Straßen und Flugplätzen -
Prüfverfahren - Teil 8: Bestimmung der Parameter zur
Ermittlung der Breitenunebenheit

This European Standard was approved by CEN on 7 February 2008.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
