

**DIN EN 197-1****DIN**

ICS 91.100.10

Supersedes: see below

**Cement –  
Part 1: Composition, specifications and conformity criteria for common  
cements  
English translation of DIN EN 197-1:2011-11**

Zement –  
Teil 1: Zusammensetzung, Anforderungen und Konformitätskriterien von Normalzement  
Englische Übersetzung von DIN EN 197-1:2011-11

Ciment –  
Partie 1: Composition, spécifications et critères de conformité des ciments courants  
Traduction anglaise de DIN EN 197-1:2011-11

Supersedes DIN EN 197-1:2004-08, DIN EN 197-1 Corrigendum 1:2004-11, DIN EN 197-1/A3:2007-09 and  
DIN EN 197-4:2004-08  
See start of application

Document comprises 40 pages

Translation by DIN-Sprachendienst.

In case of doubt, the German-language original shall be considered authoritative.

A comma is used as the decimal marker.

## Start of application

The start of application of this standard is due to be 1 November 2011.

DIN EN 197-1:2004-08, DIN EN 197-1 Corrigendum 1:2004-11, DIN EN 197-1/A3:2007-09 and DIN EN 197-4:2004-08 may be used in parallel until 31 May 2013 (see deadline in the EU Official Journal).

It should be noted that, in Germany, CE conformity marking of construction products will be permitted once this standard has been listed in the *Bundesanzeiger* (German Federal Gazette) and from the date given therein.

## National foreword

This standard has been prepared by Technical Committee CEN/TC 51 "Cement and building limes" (Secretariat: NBN, Belgium).

The responsible German body involved in its preparation was the *Normenausschuss Bauwesen* (Building and Civil Engineering Standards Committee), Working Committee NA 005-07-13 AA Zement.

## Amendments

This standard differs from DIN EN 197-1:2004-08, DIN EN 197-1 Corrigendum 1:2004-11, DIN EN 197-1/A3:2007-09 and DIN EN 197-4:2004-08 as follows:

- a) the contents of the above-mentioned documents have been combined in this standard;
- b) sulfate resisting cements have been included.

Supersedes EN 197-1:2000, EN 197-4:2004

English Version

Cement - Part 1: Composition, specifications and conformity  
criteria for common cements

Ciment - Partie 1 : Composition, spécifications et critères  
des conformité des ciments courants

Zement - Teil 1: Zusammensetzung, Anforderungen und  
Konformitätskriterien von Normalzement

This European Standard was approved by CEN on 6 August 2011.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
