

## DIN EN 16228-7

ICS 93.020

Supersedes: see below

**Drilling and foundation equipment –  
Safety –  
Part 7: Interchangeable auxiliary equipment;  
English version EN 16228-7:2014,  
English translation of DIN EN 16228-7:2014-10**

Geräte für Bohr- und Gründungsarbeiten –  
Sicherheit –  
Teil 7: Auswechselbare Zusatzausrüstungen;  
Englische Fassung EN 16228-7:2014,  
Englische Übersetzung von DIN EN 16228-7:2014-10

Machines de forage et de fondation –  
Sécurité –  
Partie 7: Equipements complémentaires interchangeables;  
Version anglaise EN 16228-7:2014,  
Traduction anglaise de DIN EN 16228-7:2014-10

Together with DIN EN 16228-1:2014-10, DIN EN 16228-2:2014-10, DIN EN 16228-3:2014-10,  
DIN EN 16228-4:2014-10, DIN EN 16228-5:2014-10 and DIN EN 16228-6:2014-10 supersedes  
DIN EN 791:2010-01 and DIN EN 996:2010-02

Document comprises 24 pages

Translation by DIN-Sprachendienst.

In case of doubt, the German-language original shall be considered authoritative.

*A comma is used as the decimal marker.*

## **National foreword**

This standard includes safety requirements.

This document (EN 16228-7:2014) has been prepared by Technical Committee CEN/TC 151 “Construction equipment and building material machines — Safety” (Secretariat: DIN, Germany).

The responsible German body involved in its preparation was the *DIN-Normenausschuss Maschinenbau* (DIN Standards Committee Mechanical Engineering), Working Committee NA 060-13-03 AA *Bohrgeräte* of Section *Bau- und Baustoffmaschinen*. Representatives of manufacturers and users of drilling and foundation equipment, and of the employers’ liability insurance associations contributed to this standard.

This standard contains specifications meeting the essential requirements set out in Annex I of the “Machinery Directive”, Directive 2006/42/EC, and which apply to machines that are either first placed on the market or commissioned within the EEA. This standard serves to facilitate proof of compliance with the essential requirements of that directive.

Once this standard is cited in the Official Journal of the European Union, it is deemed a “harmonized” standard and thus, a manufacturer applying this standard may assume compliance with the requirements of the Machinery Directive (“presumption of conformity”).

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. DIN [and/or DKE] shall not be held responsible for identifying any or all such patent rights.

The European Standards referred to in Clause 2 and in the Bibliography of this document have been published as the corresponding DIN EN or DIN EN ISO Standards with the same number.

For the International Standards which have not been published as DIN ISO Standards with the same number, there are no national standards available.

## **Amendments**

This standard differs from DIN EN 791:2010-01 and DIN EN 996:2010-02 as follows:

- a) the EN 16228 standards series, Parts 1 to 7, has a completely new approach and replaces the previous standards EN 996 and EN 791 specifying piling and drilling equipment;
- b) the new EN 16228 standards series specifies drilling and foundation equipment for specific applications.

## **Previous editions**

DIN 24096: 1987-06  
DIN EN 791: 1996-01, 2010-01,  
DIN EN 996: 1996-04, 2010-02  
DIN EN 996/A1: 2000-03  
DIN EN 996/A2: 2003-11

English Version

## Drilling and foundation equipment - Safety - Part 7: Interchangeable auxiliary equipment

Machines de forage et de fondation - Sécurité - Partie 7:  
Equipements complémentaires interchangeables

Geräte für Bohr- und Gründungsarbeiten - Sicherheit -  
Teil 7: Auswechselbare Zusatzausrüstungen

This European Standard was approved by CEN on 6 March 2014.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.
