

Warnvermerk / Warning notice	DIN EN 15804:2020-03
Datum / Date	2021-08-24
Aufgrund von EN 15804:2012+A2:2019/AC:2021-08 sind in DIN EN 15804:2020-03 folgende Korrekturen auszuführen: In Tabelle 3 und Tabelle C.1 muss für die Wirkungskategorie „Eutrophierung Süßwasser“ die Einheit „kg PO₄-Äq.“ durch „kg P-Äq.“ ersetzt werden. Because of EN 15804:2012+A2:2019/AC:2021-08 the following modifications shall be made in DIN EN 15804:2020-03: In Table 3 and Table C.1, for Impact Category “Eutrophication aquatic freshwater”, replace the unit “kg PO₄ eq.” with “kg P eq.”. HINWEIS: Wir weisen darauf hin, dass der vorliegende Fehler negative Auswirkungen haben kann. Es liegt in der Verantwortung des Anwenders, den Sachverhalt bei der Anwendung der Norm angemessen zu berücksichtigen, um einen etwaigen Schaden zu vermeiden. Bitte prüfen Sie unverzüglich, ob und inwieweit in Ihrem Fall eine Schadengefahr besteht und reagieren Sie entsprechend. INFORMATION: Please note that this error can have negative implications. When applying the standard, it is the user’s responsibility to take due account of this warning notice in order to avert potential damage. Please check without delay whether, and to what extent, there is a risk of damage in your case, and take the necessary action.

Document comprises 76 pages

Translation by DIN-Sprachendienst.

In case of doubt, the German-language original shall be considered authoritative.

A comma is used as the decimal marker.

National foreword

This document (EN 15804:2012+A2:2019) has been prepared by Technical Committee CEN/TC 350 “Sustainability of construction works” (Secretariat: AFNOR, France).

The responsible German body involved in its preparation was *DIN-Normenausschuss Bauwesen* (DIN Standards Committee Building and Civil Engineering), Working Committee NA 005 01 31 AA “Sustainability in building construction (national mirror committee for ISO/TC 59/SC 17 and CEN/TC 350)”.

For enhanced understanding, National footnotes have been added to the document:

- N1) National footnote: The marking has been taken over only as a formality, the content of the German version of this standard has not been changed.
- N2) National footnote: The amendment does not apply to the German version.
- N3) National footnote: This reference is not correct, it should be number 5).
- N4) National footnote: This link is no longer valid. Please use <http://eplca.jrc.ec.europa.eu/LCDN/developerEF.xhtml>.

Amendments

This standard differs from DIN EN 15804:2014-07 as follows:

- a) normative references have been updated;
- b) the Introduction has been revised;
- c) Clause 3 “Terms and definitions” has been revised and new terms and definitions have been added;
- d) Clause 4 “Abbreviations” has been revised;
- e) Clause 5 “General aspects” has been revised;
- f) subclause 6.2.1 “General” has been revised;
- g) a new subclause 6.3.1 “Functional or declared unit” has been included;
- h) 6.3.1 “Functional unit” (new 6.3.2), 6.3.2 “Declared unit” (new 6.3.3), 6.3.3 “Reference service life (RSL)” (new 6.3.4), 6.3.4 “System boundaries” (new 6.3.5) and 6.3.7 “Data quality” (new 6.3.8) have been revised;
- i) a new subclause 6.3.9 “Developing product level scenarios” has been included;
- j) in 6.4.3.1 “General”, an addition corresponding to the allocation of specific inherent properties of coproducts or flows has been made;
- k) a new subclause 6.4.4 “Information on biogenic carbon content” has been included;
- l) the text of 6.5 has been revised as subclause 6.5.1 “General”;

- m) new subclauses 6.5.2 “Core environmental impact indicators” and 6.5.3 “Additional environmental impact indicators” have been included;
- n) Clause 7 “Content of the EPD” has been revised;
- o) the requirement to include the results of all environmental impact indicators into the project report has been added to 8.1;
- p) 8.2 “LCA-related elements of the project report” has been revised;
- q) Annex A “Requirements and guidance on the reference service life” has been revised;
- r) Annex C has been deleted and replaced by a new Annex C “Impact categories and related indicators, methodologies and characterization factors (CF)”;
- s) Annex D “End of life formulae” has been included;
- t) Annex E “Schemes to be applied for data quality assessment of generic and specific data” has been included;
- u) the Bibliography has been updated;
- v) the standard has been editorially revised.

This European Standard was approved by CEN on 10 September 2013 and includes Amendment 2 approved by CEN on 21 July 2019.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.
