

NZS 3104:2021

NEW ZEALAND STANDARD

Specification for concrete production

Superseding NZS 3104:2003

NZS 3104:2021

COMMITTEE REPRESENTATION

This standard was prepared by the P3104 Specification for Concrete Production Committee. The membership of the committee was approved by the New Zealand Standards Approval Board and appointed by the New Zealand Standards Executive under the Standards and Accreditation Act 2015.

The committee consisted of representatives of the following nominating organisations:

Co-opted Chair

Building Research Association of New Zealand (BRANZ)

Concrete New Zealand

Concrete New Zealand – Precast Sector Group

Concrete New Zealand – Learned Society

Concrete New Zealand – Readymix Sector Group

Engineering New Zealand

Structural Engineering Society New Zealand (SESOC)

ACKNOWLEDGEMENT

Standards New Zealand gratefully acknowledges the contribution of time and expertise from all those involved in developing this standard.
